Database Tips:

- ⚠ Before forming a business, use these **helpful search tips** and information on **how to choose a company name** to ensure compliance when choosing a name for your new company.
- ⚠ Filing ID refers to the identification number assigned to the business entity by the Secretary of State's Office. If you do not know your Filing ID, please search by the name of the business entity.
- ⚠ The statement that a company is in "good standing" simply notifies the public that all paperwork or fees required to form or maintain registration has been filed with the Secretary of State and is current. "Good Standing" in no way implies endorsement of the business nor does it reflect on the quality of the products or services provided by the business.

About Our Office

We have a long history of serving the public. Beginning in April 1869 with the appointment of the first Secretary of the Territory of Wyoming, Edward M. Lee, by United States President Ulysses S. Grant, this office has always served the public from the State Capitol Building. However, following the completion of the Capitol Renovation Project in 2019, the Office is now located at Herschler Building East, Suites 100 and 101.
